Since the mid 1980's, the High Mobility Multipurpose Wheeled Vehicles (HMMWV) have been the workhorse of the United States military. With over 300,000 delivered to US forces around the globe, and tens of thousands delivered to governments around the world, the vehicle is one of the most recognized military vehicles in history.

Many companies claim to offer HMMWV parts, but there is only one authorized AM General distributor. Since 2009 Brighton Cromwell has been a trusted partner to AM General ensuring authentic, approved, quality parts are available to customers seeking reset, repair, and maintenance parts for all HMMWV variants. While many companies offer parts and components that can fit a HMMWV, Brighton Cromwell offers parts actually made for the HMMWV.

Brighton Cromwell has processed, packaged, and delivered over 400,000 HMMWV reset, repair and maintenance kits to US and qualified foreign customers. Brighton Cromwell supports all HMMWV variants, from M998 models to the more recent M1151 variants and supports US Department of Defense branches, selected prime contractors, and qualified foreign governments.

As the exclusive authorized military parts distributor for AM General, LLC, the manufacturer of the HMMWV, Brighton Cromwell offers a full line of genuine AM General HMMWV parts. Ensure your fleet is supported with approved, quality, authentic HMMWV parts and kits. Ensure authenticity.

**Brighton Cromwell has delivered over 400,000 HMMWV parts and over 800,000 total kits in 3 years!**

# Brighton Cromwell

Providing Complex Logistics and Procurement Needs of the U.S. and International Military Markets with  
**UNCOMPROMISING PRECISION & RELIABILITY**

➤ **BRIGHTON CROMWELL, LLC (BC)** is a certified small-business supply chain integrator providing procurement, logistics, engineering, and kitting services to the U.S. Department of Defense (DoD) and prime contractors globally. BC has established relationships with numerous manufacturers, leading industrial supply companies and Original Equipment Manufacturers (OEMs) to successfully manage hundreds of contracts sourcing aftermarket parts and equipment for a variety of tactical military vehicles, aircraft and Naval systems.

➤ **AUTHORIZED HMMWV DISTRIBUTOR**  
As the exclusively authorized military parts distributor for AM General, LLC, the manufacturer of the military HMMWV, Brighton Cromwell offers a full line of genuine AM General HMMWV parts.

➤ **LEADING KIT PROVIDER**  
Brighton Cromwell excels at providing purchasing support, and sourcing, packaging and shipping point-of-use kits for a variety of platforms used in routine maintenance, retrofits, up-armoring, and other modifications for the DoD, OEM/prime contractors, and Foreign Military customers.

➤ **STREAMLINED THROUGH TECHNOLOGY**  
Brighton Cromwell developed an industry leading propriety supply chain system, SEDNA, which features its customized SEDNASearch™ technology to quickly and efficiently source common and hard to find parts for land, sea and air requirements.

➤ **DELIVERING SUPPLY CHAIN ASSURANCE**  
Brighton Cromwell teams with OEMs/prime contractors to deliver comprehensive logistics support including order management, inspection, packaging, and shipping. Maintaining the highest standards for quality and reliability, BC is certified to ISO 9001:2008 for quality management, and certified to AS9120A for Aviation, Space and defense distributors.

## **GLOBAL SUPPLY CHAIN INTEGRATION**
